Re: Annual Apprenticeship Conference Save the Date

The annual apprenticeship conference which was scheduled for March 22 – 23, 2012 has been moved to December. This move is due to the lack of approval from the US DOL Office of Apprenticeship on the new rules and policies. It is the hope of the Council to introduce new policies and procedures that are in alignment with the federal regulation changes.

The conference has been scheduled for:

Embassy Suites Dublin
Dublin, Ohio
December 13-14, 2012

The agenda and registration materials will be mailed in the near future. Format will be as in the past, and the conference promises to be informative and worthwhile. This event is open to all registered sponsors, JATCs, committees, affiliates, potential sponsors, RTI providers, technical schools, colleges and universities, as well as local Workforce Investment Boards.

Please save the date, and if you have questions please feel free to contact me.
