Dear Mr. Turner:

This notice is being provided to you pursuant to the Worker Adjustment and Retraining Notification Act of 1988, which requires employers to give official notice of pending layoffs to certain government units and government officials.

After careful review of business circumstances, Delphi Corporation regrets to inform you that Delphi's Electronics & Safety OPS facility located at 250 Northwoods Blvd, Vandalia, Ohio, will be closed on or about December 31, 2009, and that permanent layoffs related to the closure will occur between August 2009 and January 2010, affecting approximately 116 individuals. It is anticipated that these layoffs will be permanent. A list of the affected positions and numbers of employees in each position, along with the anticipated schedule for separations, is attached. No specific bumping rights exist for the affected employees.
